Objective

I am a product designer with a real estate background. I am passionate about turning people problems into easy to use solutions to make people's lives better.

Work

Senior Product Designer · Stord · June 2021 - Current

Lead design for a new application. Warehouse management software for warehouse associates and managers. Web & web android.

Senior Product Designer · Heartland Payments · April 2020 - June 2021

Lead design in building web, tablet, and mobile experience for restaurants and retailers.

Product Designer · ShipStation · April 2016 - March 2020

Design web and mobile apps for online merchants and warehouse workers to fulfill orders, manage product inventory and track shipments.

UI/UX Designer · Perk · August 2014 - March 2016

Designing iOS and Android games (iOS & Android) for consumers.

Design Intern · Famigo · May 2013 - July 2014

Designing UI elements for kids, parents and teachers. Helping them keep technology kid-friendly.

Outside 9-5

I purchase, design, and remodel residential homes for first time home owners. I own the whole process of financing, designing, hiring, and marketing.
